

Number Writing Poems

By Heidi Butkus

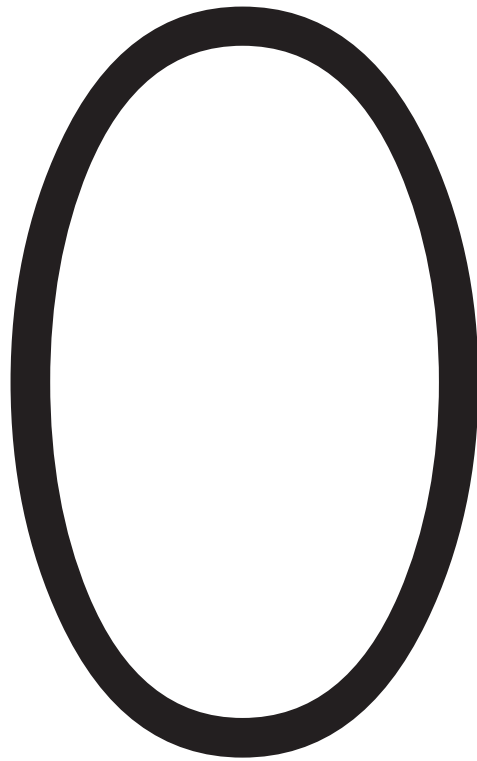

These number writing poems are provided for your use in classrooms, home settings, day-cares, or wherever you may need them! The purpose is to give the children a little rhyme to help them remember how to form the numbers correctly. Enjoy!

Note: I may one day set them to music and make a song out of each one, but at the moment, there are no tunes for these poems.

Zero

Zero, zero,
Nothing to it!
Circle round,
I can do it!

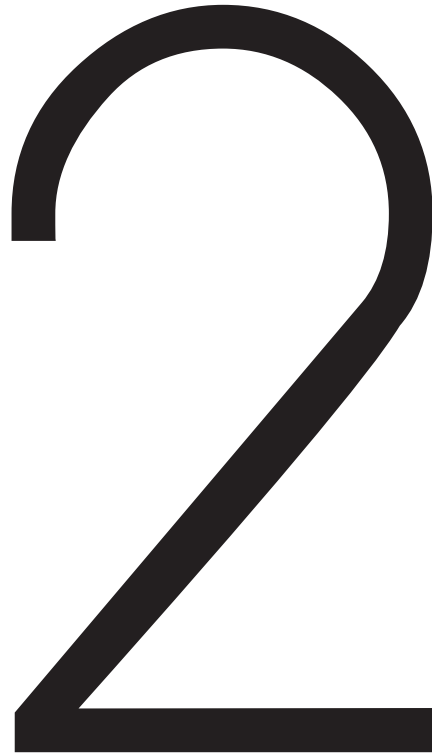

One

I can make a one for you.

Straight line down,

And now I'm through!

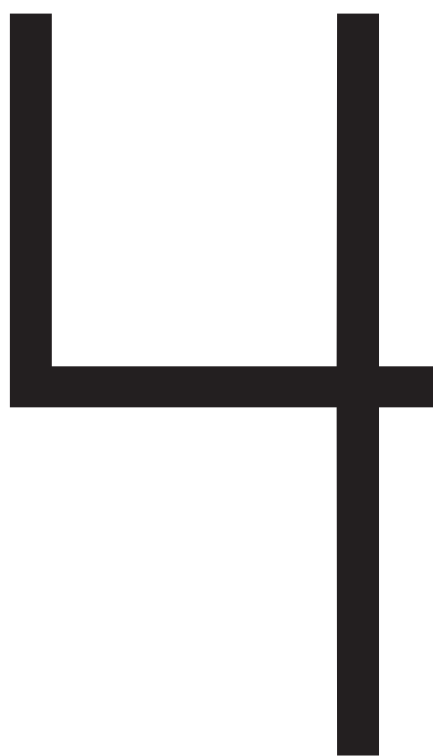

Two

Start up high,
Rainbow bright,
Down the slide,
Straight line right.

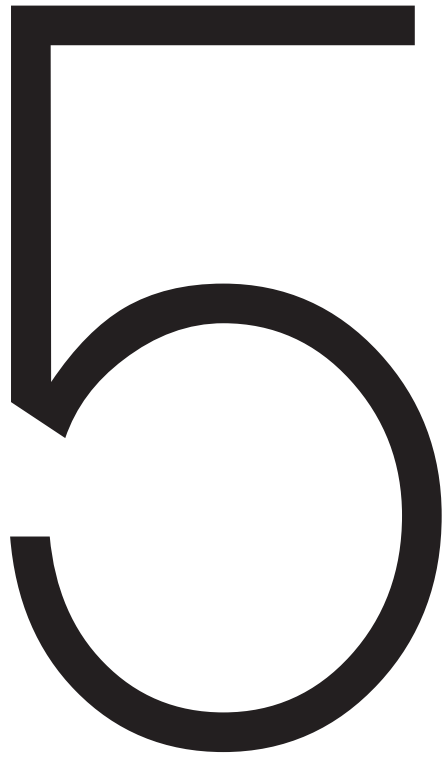

Three

Half a circle,
Back it out,
Half a circle,
Give a shout!

Four

Make an L,
And then for fun,
One line down,
And now you're done.

5

Five

Down, around,
Give it a hat.
That's a five,
Just like THAT!

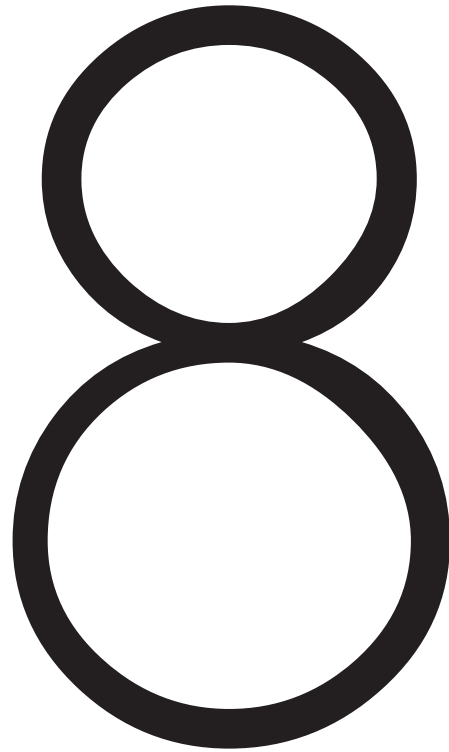

Six

Start on top,
Circle around,
Loop-de-loop
The bottom down!

Seven

Make a straight line,
To the right.
Down the slide,
And say goodnight!

Eight

Make an S,
And then don't stop!
Draw a line,
From the bottom to top.

Nine

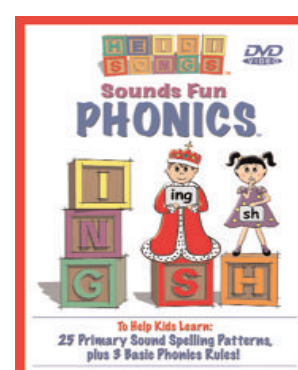

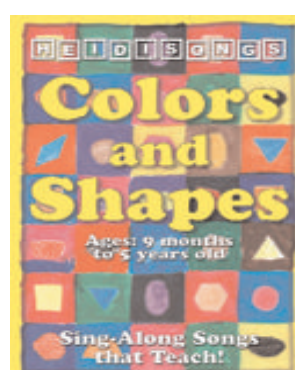

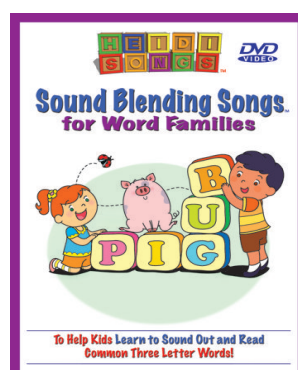

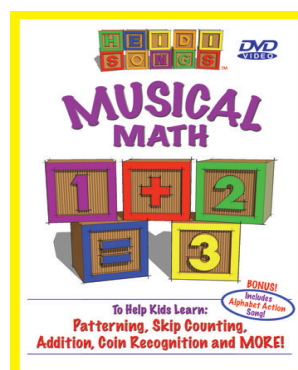

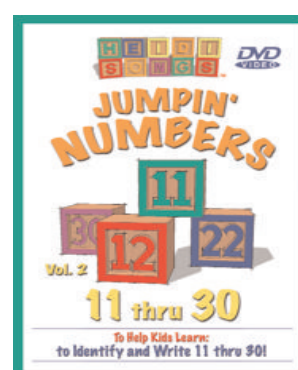

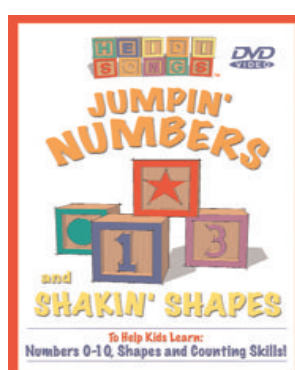

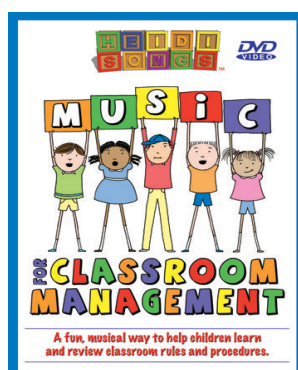

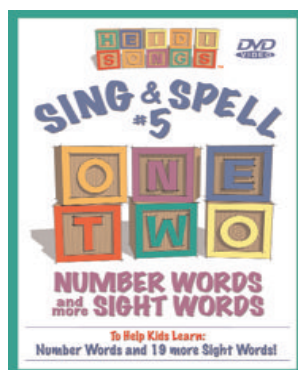

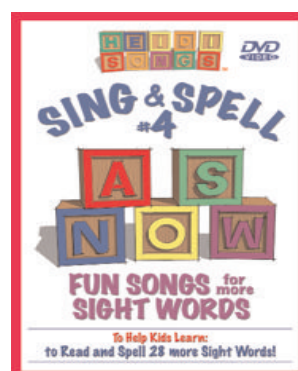

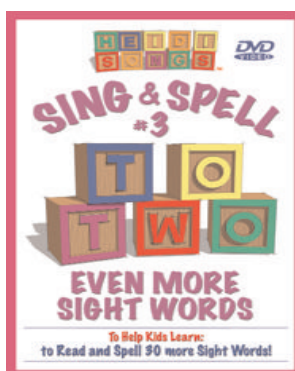

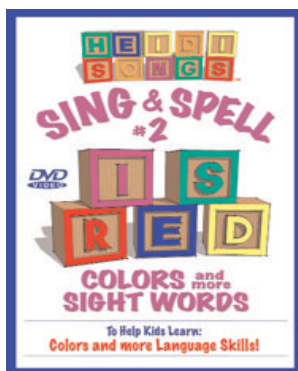

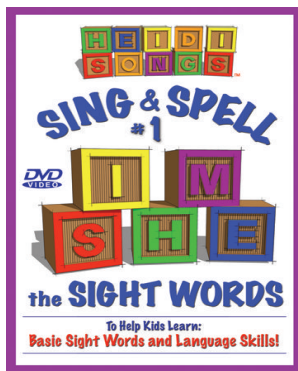

Draw a circle,
Up on top,
Straight line down,
And then you stop.

Ten

On the left,
You make a one!
Make a zero,
Now you're done!
